

## What are the admissions criteria I need to get into the program?

Overall GPA of a 2.75 or higher, science GPA of a 2.75 or higher, and a TEAS exam overall score of a 68 or higher. If you are missing one of these components, it does not mean you are automatically denied. Please contact your Admissions Counselor to go over options.

## How do I schedule the TEAS exam?

After you submit your online application, you will be able to register for a future TEAS exam date on your MyResU page and your 1st attempt here is free.

Once you are in your MyResU page, click on the tab titled "Event/Exam Registration" and register from there. Please note that you will not be able to see any future dates until you submit your application.

## How do I prepare for the TEAS exam?

You can purchase the official study guide called ATI TEAS Study Manual, 6th ed. (ISBN#: 978-1-56533-575-2); we do not sell this study guide here. There are practice exams and other study material available as well at [www.atitesting.com](http://www.atitesting.com)

## How many times can I take the TEAS exam?

You can take TEAS exam at ResU twice. If you needed to take it a 3rd time, it would have to be at a different testing center. You can find other testing locations at [www.atitesting.com](http://www.atitesting.com) Be sure to talk about this with your Admissions Counselor.

## I already took the TEAS exam at a different testing center. Do you accept outside scores?

Yes. If you passed the 6th edition of the TEAS exam with a 68 or higher, we will be able to use that score for your application. If you did not pass the TEAS exam, you can still take it here but we will need all previous attempts on file. You will need to have ATI send us the official score(s) through [www.atitesting.com](http://www.atitesting.com) or you can come into the Admissions Office to print official score for free.

### How do I get my application reviewed for admittance and how long does it take to receive a decision?

Besides applying online, we will also need all official transcripts from every college/university you have attended and the TEAS exam completed.

Once all documents are turned in, it can take up to 2-4 weeks to receive an admissions decision via e-mail

### Will any of my pre-requisite courses expire?

The only courses that expire are General Chemistry, Microbiology, Anatomy & Physiology 1 and 2. These four courses have a 7 year expiration date. You will need to retake these courses if it has been over 7 years.

### Do I need all pre-requisites completed before applying?

No, however, we do need at least 3 of the 4 sciences we require completed before we can grant you an admissions decision. All other courses that you may be missing and still working on, just need to be completed before the 1st day of class here at ResU.
