  - The master's degree program in nursing at Resurrection University is accredited by the Commission on Collegiate Nursing Education (<http://www.ccnaccreditation.org>).
- 

## Inclusion of Interprofessional Education (IPE) Scholar Program Description:

### Interprofessional Education (IPE) Scholar

The Interprofessional Education (IPE) Scholar program is a non-credit hybrid program designed to enhance students' knowledge of interprofessional education. The didactic component is comprised of asynchronous online modules that cover four competency domains: values/ethics; roles/responsibilities; communication; and teamwork. The program also includes onsite simulations and open labs that correspond to the specialty IPE area studied by the student and the elective taken. Upon successful completion of each module, the IPE Scholar student is awarded a corresponding badge. Once the IPE scholar student earns all 6 badges, they are awarded the micro credential titled "IPE Scholar," which is noted on their transcript.
